

APPENDIX II - SOURCES

A wide selection of published music, manuscripts, records, and other sources was used in creating the charts in this book. Below is an alphabetical listing of tunes with the major sources used for each.

Sources on paper fall into four categories:

- 1) Published sheet music - usually a full piano/vocal arrangement, though only melody and chord symbols in some instances.
 - 2) Published transcription - a literal transcription from a specific recorded version.
 - 3) Publisher's lead sheet - an in-house document created by staff transcribers or an outside transcription service with or without the composer's input; it usually reflects a single recorded version.
 - 4) Composer's lead sheet - an original lead sheet in the composer's own hand.
- The recorded sources for each tune are listed in order of contribution - records listed first contributed more to the final chart than those records which follow. Often other recordings were listened to but are not listed if they added no new information to the charts.

A number of other sources used are not listed here. These include fake books (legal and illegal), feedback from the composers, and suggestions from local musicians who proofread the book.
