(2nd verse)

You'll see, just one look and you'll know  
She's so tender and warm,  
You'll recognize this is love,  
And together you're on another plane,  
Five hundred miles high.

(3rd verse)

Be sure that your love stays so free,  
Then it never can die,  
Just realize this is truth,  
And above the skies you will always stay  
Five hundred miles high.

Solos may move into double-time feel samba.  
On recording, piano plays an ad lib. intro  
based on the changes, and the first verse is  
out of tempo for 13 bars.
