Just friends, ... lov - ers no more, ... Just friends, ... but not like be - fore, ... To think of what we've been and not to kiss a - gain seems like pre - tend - ing ... it is - n't the end - ing. Two friends drift - ing a - part, ... Two friends, ... but one brok - en heart, ... We loved, we laughed, we cried, and sud - den - ly love died, The sto - ry ends and we're just friends.
